Smoking Policy

1. Purpose

This policy is established to promote a healthy, safe, and productive work environment while ensuring compliance with workplace regulations. It provides guidelines for designated smoking practices within office premises.

2. Smoking Guidelines

- Smoking is **strictly prohibited** inside office premises. Employees who wish to smoke must do so outside designated office areas.
- To maintain workplace discipline, employees taking smoke breaks are required to **inform the HR/Admin team in advance** and temporarily submit their mobile phones to HR/Admin during the break.

3. Break Duration

- Employees may take up to **three smoke breaks per workday**, with each break not exceeding **5 minutes**.
- To ensure smooth workflow and prevent disruptions, smoking breaks should be spaced **at least 30 minutes apart** from scheduled tea and lunch breaks.
- Adhering to these guidelines helps maintain a structured and efficient workplace.

4. Consideration for Non-Smokers

Employees are encouraged to be mindful of their colleagues, particularly non-smokers, and ensure that smoking activities do not cause discomfort to others.

We appreciate everyone's cooperation in fostering a balanced and professional work environment. For any clarifications, please reach out to HR.
